CAREER HIGHLIGHTS

Kaleb Morrissey began his driving career in 2001 at the age of 5. Since then he has won a multitude of heat and feature races and captured track championships in 2002, 2003 and 2005. In 2006 he moved from dirt to asphalt and earned a heat win at the 2006 Gasoline Alley Nationals in Indianapolis, Indiana. Kaleb credits his success to his parents and grandparents who spend countless hours ensuring that he has everything he needs to be successful on and off the track. And without his sponsors and the countless others who help with fundraisers, motor work, and parts...none of this would be possible. THANK YOU!!
